

AUTOMATIC TRANSMISSION FLUID (ATF)

Special purpose heavy duty transmission fluid designed for specific automatic and power shift transmissions as well as for power steering system application.

APPLICATION: Automotive Heavy-Duty Automatic Transmissions
Power Steering
Screw Type Air Compressor

PERFORMANCE LEVEL:

MEETS OR EXCEEDS: DEXRON® IID
ALLISON C-4
MERCON
CAT TO-2
DENISON HF-0
VICKERS M-2950-S

BENEFITS:

Excellent anti wear properties ensure longer equipment life.

TYPICAL PHYSICAL CHARACTERISTICS	ATF
Density @ 20° C KG/L	0.8664
Viscosity cST @ 40° C	36.5
Viscosity cST @ 100° C	7.2
Viscosity Index	165
Pour Point ° C (MAX)	-42
Flash Point ° C (MIN)	193
Vis. Brookfield cP @ 40° C	45,000
Boron, WT %	0.013
Sulphur, WT %	0.07
Phosphorus, WT %	0.03
