

## LITHIUM EP 2 MULTI PURPOSE GREASE

**DESCRIPTION:** LITHIUM EP 2 GREASE is high quality multipurpose lithium base grease blended from solvent refined oils and incorporate multi-functional extreme pressure additives as well as corrosion and oxidation inhibitors. It is suitable for operating temperatures between -30°C and 130°C.

**APPLICATIONS:** LITHIUM EP 2 GREASE are designed for use in highly loaded plain and roller bearings as well as in “shock loading” conditions.

This grease is suitable for use in a full range of bearing speeds for example: electric motors, industrial machines, production equipment, wheel bearings, etc.

Also suitable as a multi-purpose grease for all types of vehicles.

The smooth consistency makes these greases ideal for use in centralized lubrication systems and they can be used on ferrous and non-ferrous metals.

**SPECIFICATION:** LITHIUM EP 2 GREASE conforms to SABS specification 1851

**CHARACTERISTICS:**

Thickening Agent	Lithium
NLGI Classification	2
Work penetration at 25 °C	265 - 295
Drop point °C	195
Timken OK load Kg	33
Oil Viscosity at 40 °C	200
Recommended Temp Range	-30 °C to 130 °C
Water Washout	5%
