

UNIVERSAL TRACTOR TRANSMISSION OIL UTTO

- DESCRIPTION:** UTTO is a transmission oil designed for use in farm tractors and earth moving equipment. It is blended from virgin base oils which have been fortified with anti-wear, anti-oxidant, anti-foam and anti-corrosion inhibitors together with viscosity index improvers. It is suitable for use in the transmission, final drive and hydraulics of tractors. The additives used provide smooth and quiet operation of wet brakes and PTO clutches.
- OUTSTANDING FEATURES:** UTTO meets or exceeds the following specifications:
- API GL-4
 - John Deere JD 20C
 - Massey Ferguson CMS M11143 & 1135
 - Ford New Holland M2C134-D
 - ZF TE ML 06A & B & 07B
- DIRECTIONS FOR USE:** UTTO is suitable for use in all transmissions, final drives and hydraulics of farm tractors. The blend of additives used provides excellent protection against wear and corrosion, while at the same time having an effective “anti-squawk” property.
- TECHNICAL DATA:**
- SAE grade 10W 30
 - Viscosity @ 40 °C 68
 - Viscosity @ 100 °C 10
 - Viscosity Index 130
 - Pour Point °C -40
- PACKAGING:** 210 Liter Drum, 20 Liter
